

Entire Certified School Risk Managers (CSRM) Program Now Available Online

AUSTIN, TX (November 10, 2009) – All five courses in the Certified School Risk Managers (CSRM) Program are now available to participants online. The courses include:

- **Fundamentals of Risk Management**
- **Measuring School Risks**
- **Handling School Risks**
- **Funding School Risks, and**
- **Administering School Risks**

The National Alliance is proud to offer the five Certified School Risk Manager (CSRM) courses online. They have been offered in classroom settings since 2005 and have led participants to earning the prestigious CSRM designation. The online courses are a result of the dramatically increasing demand for basic risk management knowledge and the Program's applicability beyond school districts. School district risk managers, school business officials, employee benefits and safety coordinators, and those in human resources and positions that oversee the risk management function in schools benefit directly from the CSRM courses. Additionally, the courses apply for insurance agents and brokers who work with school district risk managers.

The CSRM courses join the other online courses available from The National Alliance, including:

- **CISR courses** (Insuring Commercial Casualty Exposures, Insuring Commercial Property, Insuring Personal Residential Property, Insuring Personal Auto Exposures, and Agency Operations)
- **William T. Hold Seminars** (Spoilage, Utilities and Ordinance Law; Homeowners Property Endorsements; Insuring "Toys"; and Professional Liability Concepts)
- **Insuring Flood Exposures – NFIP Review**
- **Legal & Ethical Requirements of Insurance Professionals**
- **Additional William T. Hold Seminars coming soon:** Workers Compensation; Additional Insureds; and Employment Practices Liability)

For additional information about online courses, the CSRM Program, and to register online, go to www.TheNationalAlliance.com, or contact 800-633-2165.
